Shower system with pressure balanced thermostatic mixer.

Cleaning

Wipe the surface with a soft cloth and lukewarm water and possibly with soap solution. Avoid alkaline, acid-liming or abrasive cleaners.

Brass is a material that over time gets a beautiful patina but can be polished with brass polish. Copper also gets patina but should not be polished. The other shiny surfaces retain their luster.

Decalcification

Aerators and shower handles should be regularly decalcified by placing them in a vinegar bath for a couple of hours. Should limescale stains occur, use eucalyptus oil and a soft cloth.

Lubrication

Lubricate only with silicone grease.

Maintenance

Visit our [YouTube channel](#) → where there are instructional videos for changing the ceramic cartridge, changing aerators and more.

Specifications

Connection inlet - Flexible hose with nut
Number of grips - One grip
Number of outgoing connections - 2
Dimension inlet - 3/4 tum
Dimension outlet - 1/2 inch
Built in - Yes
Sound class - 1
Length protrusion outlet head - 120 mm
Turnable head - No
Temperature limitation - Yes
Temperature control - Yes
Thermostat - Yes
Pressure controlled - Yes

Dimensions/Weight

Adjustable height - No
Length hose - 1500 mm
Product - Width - 150 mm
Product - Depth - 95 mm
Product - Height - 370 mm
Diameter ceiling shower head - 250 mm
Total building height - 370 mm
