## Cleaning

Wipe the surface with a soft cloth and lukewarm water and possibly with soap solution. Avoid alkaline, acid-liming or abrasive cleaners.

Brass is a material that over time gets a beautiful patina but can be polished with brass polish. Copper also gets patina but should not be polished. The other shiny surfaces retain their luster.

## Decalcification

Aerators and shower handles should be regularly decalcified by placing them in a vinegar bath for a couple of hours. Should limescale stains occur, use eucalyptus oil and a soft cloth.

## Lubrication

Lubricate only with silicone grease.

## Maintenance

Visit our [YouTube channel](#) → where there are instructional videos for changing the ceramic cartridge, changing aerators and more.

---

## Specifications

**Tube dimension:** 18,00  
**Cable length:** 7100,00  
**Cable diameter:** 3,20  
**Cable resistance:** Dubbel lager  
**Effekt:** 70 W  
**Voltage:** 220 V  
**IP Class:** IP 45  
**Frequency:** 50/60 Hz  
**Electrical tolerance:** ±%10  
**Power density:** 10  
**CE Classified:** Yes

## Dimensions/Weight

**Package - Weight:** 1,85 kg  
**Product - Width:** 400 mm  
**Product - Depth:** 78 mm  
**Product - Height:** 800 mm  
**Total building height:** 1200 mm
